VALID FROM 01-01-2026 TO 31-12-2026

In SegurCaixa Adeslas we will offer you an assistance team in order to get your home back to normal as swiftly as possible:

Home commitments

• **Appointment with a workman.** In coordination with the customer, from the declaration of the claim, the appointment will be made within a maximum time of three hours (from 9 a.m. to 6 p.m. on working days*), attending the insured home in a maximum period of 72 hours. Also, the time slot estimated by the workman to attend the insured home on the agreed day shall never exceed three hours. The assistance company shall undertake to provide the service via the telephone line 900 50 50 40 o 91 489 43 17 from 9 am to 8 pm, Monday to Friday. This commitment is accepted provided there are no periods with high levels of incidents reported (when weather events substantially exceed the average for the past 30 days) or unless dealing with an incident in which third parties are involved (incidents where there is a liable or injured party)..

• **Urgent services. Call-out service by workers within 3 hours following the incident being reported, for urgent incidents rendering the home uninhabitable. Incidents owing to the following causes:**

- Electricity: due to lack of electrical power throughout the home, or in the kitchen or in the bathroom, whenever the source of the cut is the home's installation.
- Water damage: due to a break in any of the fixed water pipes in the home causing damage to the insured party's property or that of third parties, which needs the main water shut off valve to be closed.
- Home protection: broken glass in any opening forming an enclosure to the property leading to exposure to weather phenomena or malicious acts by third parties.

The assistance company shall provide the service via the telephone line 900 159 009 twenty-four hours a day. For urgent water damage, provided it occur outside the 9 am to 8 pm service hours, if it can be resolved by closing the main water shut off valve, advice will be given over the phone to close it, notwithstanding any repairs made the following day in coordination with the customer.

• **Appointment with an appraiser.** In coordination with the customer, following the assignment of the appraisal task, an appointment will be arranged with an appraiser within 24 hours, between 9 am and 6 pm from Monday to Friday (excluding bank holidays), according to availability, provided there are no periods with high levels of incidents reported (when weather events substantially exceed the average for the past 30 days) or unless dealing with an incident in which third parties are involved (incidents where there is a liable or injured party). This commitment shall be made by the insurance company.

• **Appraiser's report.** Delivery of the appraiser's report within no more than 10 days following assignment of the appraisal task for incidents with a cost of under € 30,000, once all documentation needed to assess the damage has been received. This is unless dealing with an incident in which third parties are involved (incidents where there is a liable or injured party). This commitment shall be made by the insurance company.

• **Compensation within 48 hours.** A payment order shall be made for compensation for an incident covered by the policy within 2 working days following receipt of the documentation needed to assess the incident, provided said documentation is received between 9 am and 5 pm, from Monday to Friday (excluding bank holidays), and as long as the intervention of an appraiser is not needed to assess said documentation.

• **Second opinion.** Following the reporting of the incident, if your claim is denied and you disagree with the rejection, the decision will be reviewed and we will assess the suitability of calling out a worker.

• **Repair service quality.** Repair service quality. If you are not happy with the repair quality, the assistance company undertakes to review the repair and contact the customer in a maximum period of 48 hours from the date on which your disagreement is notified, provided that it is not necessary for a workman to visit again. If to assess the repair quality it was necessary to send an operator, at the discretion of the assistance company or at the customer's request, the visit will be made in a maximum period of 72 hours from the notification of the customer's disagreement. In this latter case, the maximum time of 48 hours to review the repair quality will begin to count from the workman's visit.

Management of the repair shall be conducted in coordination with the customer via the assistance company, upon which the service is incumbent and which takes on a commitment to its customer. This commitment shall be made by the assistance company.
